Briefly describe your business or organization, and relationship to the school:			
Name of School that benefits from the project (if different from above)			
PROJECT INFORMATION			
Brief description of project: Please include basic information on the project that will be supported by the loan, such as location, size of site &/or building, desired enrollment capacity, unique program needs (i.e., gym, theater, etc.), scope of work, estimated project cost, project team (architect, general contractor, owner's rep, etc.), project timeline, and date of desired funding. If the loan is for operations or working capital, please indicate so here.			
Project Sources and Uses: Please use the table below to provide a basic estimate of your project's potential or identified Sources and Uses (adapt as needed). If a project budget is available, please include it with your application submission. A Sources and Uses statement gives a summary of where capital will come from (the "Sources") and what the capital will be spent on (the "Uses"). Total Sources and Uses should be equal . Typical "Sources" include loans, school equity (usually cash from savings), and fundraising. Typical "Uses" include acquisition costs; hard costs (construction/renovation); soft costs (architecture/engineering; environmental reviews, appraisals, and/or other 3 rd -party reports; permit fees; financing and legal fees; developer and project management fees; etc.); furniture, fixtures, and equipment (FFE); and a contingency for cost overruns (typically around 10% of project budget).

COLLATERAL

The preferred form of collateral is the property being financed. Other forms of security can include a blanket lien on all assets of the borrower, pledge of revenue, assignment of rents, specific equipment, cash reserves, receivables, and/or third-party guarantees. If the borrower stops making the promised loan payments, the lender can use the collateral to recoup its losses. For a loan to be considered secure, the value of the collateral must meet or exceed the amount of the loan.

Asset	Value of Asset	Loan on Asset	Address of Asset
Property 1	\$	\$	
Property 2	\$	\$	
Inventory & Equipment	\$	\$	
Accounts Receivable	\$	\$	
Other	\$	\$
